

Ref DJB/AQG/Letters/Home Working

25 March 2020

Dear Parent/Carer

RE: SHOW MY HOMEWORK

Thank you for your ongoing support and patience during these unprecedented times.

We ask for your continued support whilst we establish our student homeworking systems and find our way through these uncharted waters.

Please be assured that Directors of Faculty are reviewing work set for students daily and we are aiming to improve the consistency in how this work is presented to students. We are also reviewing the volume of work, though some parents have asked for more and others less. We will aim to get a consistent number of hours for all our students.

In these initial stages, we expect our students to keep their breadth of curriculum by completing tasks from all their teachers each day wherever possible. However, we also accept that students are unlikely to work for five hours and would ask for three hours school work per day as a minimum.

If you have any concerns or queries regarding the volume or type of work being set, please email via our central email address classwork@fairfax.bham.sch.uk to enable us to review the query and address any issues. For any specific subject related queries, your child can message their teacher directly on Show My Homework. If your child has been instructed to email or upload work, this should go directly to the class teacher that has requested it.

These are very unusual times and we are keen to support you and your child in continuing their learning and academic routines as much as possible.

Thank you once again for your ongoing support and patience.

Yours sincerely

MRS D J BUNN
Head of Academy
