

21st April 2026

Dear Parent/Carer

As an Academy, we are aware of a few Tik Tok accounts that has been set up in recent days which has targeted several members of Fairfax staff.

This is taken very seriously by the Academy, and the police and an online safety reporting platform have been updated. Students expect to be treated with respect at all times, and rightly so, but so do our staff.

Today, some students have been spoken to about their awareness of the Tik Tok accounts, and a wider message will be going out again to the whole school community. We work hard to ensure that online safety and tolerance of all students and staff is at the forefront of all our actions.

If it is found that a student has been involved in creating, circulating or actively following accounts that spread malicious content relating to members of staff online, appropriate sanctions will be applied. These may include suspension or, in serious cases, permanent exclusion.

We would be very grateful for your support in speaking to your children to remind them about 'making the right choices' when using social media, and their responsibility to promote kindness and respect.

Yours sincerely

SEAN CASTLE
Principal
